Application No. 10/782,729
After Final Office Action of April 17, 2007

Docket No.: 60866(48882)

REMARKS

In the Office Action dated April 17, 2007, claims 1 and 3-11 are pending, claims 1, 3, 4 and 7 are rejected and claims 5, 6 and 8-11 are withdrawn from consideration. Reconsideration is requested, at least for the reasons discussed hereinbelow.

Claims 1, 3, 4 and 7 are rejected under 35 U.S.C. §112, second paragraph. In viewing PAIR, it is apparent that the Amendment submitted by Applicant on February 5, 2007 was not entered completely into the electronic record. Most of the objections of the Examiner were already resolved in that amendment. For example, the term "stopping member" was replaced by "stopper member" to be consistent throughout the claims. No term "stopping stopper member" was used in the amendment. Another copy of the Amendment submitted February 5, 2007 will be provided if necessary. The term "a third shaft" was used twice; which is amended to one use in the above amended claims. In addition, the claim elements are rearranged so that the term "arm member" appears earlier in the claim instead of in the last wherein clause. Thus, it is believed that this rejection is moot.

In view of the above amendment, applicant believes the pending application is in condition for allowance. An early reconsideration and notice of allowance are earnestly solicited. If upon reconsideration, an issue remains, the Examiner is requested to call Applicant's undersigned representative to attempt to resolve the same.
